Recognition was lead by **Tom Davies**.

Announcements

- **From Sarah Lee-Ellena:** *“God has answered our prayers. Brother Bob received his new liver Aug. 2 in a seven-hour operation at Henry Ford downtown. The liver is working beautifully with good blood flow. He will be in ICU at Henry Ford for several days until he is moved to another floor. Eventually he will go to a rehab facility. At one point he was on dialysis and it was thought he might need a kidney transplant. But he recovered on his own, went off of dialysis and did not need the kidney. The donor gave all of his organs (not sure it was a male) to different recipients. Please pray for his family and the ones who were gifted with life through this courageous family’s decision. In a few months I will invite the Gift of Life to speak at Rotary, along with Bob, and explain how we can all get on the registry to donate our organs when our time comes. A great weight has been removed from our shoulders. Plus, Bob has lost more than 100 pounds. When he fully recovers, he’ll be smokin’ hot. His new birthday is August 2.”*
- **From Bob Baker:** Outbound interviews will be held at Zion Church for exchange students for anyone who would like to help out. It will be on the morning of December 5.
- **From John Walendowski:** Gave a presentation on the Water Projects to the Rotary club in Dearborn.

Dr. Michael Wind from Mount Clemens Regional Medical Center spoke on the topic of arthritis. Shared some general tips on how to avoid this problem. He said the most effective way to avoid arthritis is to simply lose weight. If necessary, some over-the-counter products that he likes are Ben Gay and Tylenol Arthritis.

50/50 won by **Bill Furest**
